Skills

fast learner, Been in the granite industry for close to 10 years now .There's basically nothing I can't do when it comes to work with stone,I can hand fabricate almost and edge by hand bullnose, half bullnose, bevel, pencil edge and also vacancy use routers. Any chips or cracks I can repair also can cash polish and cut sinks out. I work at a fast pace and still my quality is 100% I take pride in my work . I can also use all the lifting equipment cranes and vacuum lifts (10+ years)
