

Brett Baker

4430 Acoma Road • Indian Hills, CO 80454 • (920)285-6399 • BrettRandallBaker@gmail.com

Professional Objective:

To start my professional career in a progressive work environment.

Profile:

I am a self motivated individual who takes pride in my strong work ethic. I have worked hard to excel in my major, video game design and I am confident that my studies at UW-Whitewater have prepared me to succeed in the professional world. To compliment my technical experience, I have worked hard to advance my communication skills. My studies in Philosophy have helped improve both my writing and critical thinking abilities.

Communication skills are vital part of any business, and I believe I possess the necessary skills to effectively communicate with anyone. I would be an asset to your team not only because I have the necessary skills, but because of my personality. I am a happy, fun loving individual who enjoys seeing the people around me succeed.
