
Al Bandlow

Hello, my name is Al Bandlow. I'm 31 years old, a new homeowner, and recently married. I have four amazing children that I have been trying to obtain a new career to help live more comfortably. I'm a hard dedicated worker, and very mechanically inclined. I love to work on cars, trucks, motorcycles, and boats. I have experience in a production line setting in which I was laid off from when the economy took a dive. I have worked in friends automotive shops on the side next to master mechanics for extra cash for several years now. I also do all my own work on my vehicles which I am proud to stand by, as well as on most of my friends vehicles. Every boss that I have had would be more than willing to tell you that they would hire me back in a second because of my work ethic, dedication, and loyalty. Every reference I have on my resume would also say it was a pleasure to work by my side. All I need is one chance to prove myself to the right people, and whoever it may be will not regret it. Thank you for your time and consideration.

Al Bandlow

OBJECTIVE

To obtain an entry level position in a factory or an assembly position which will allow for personal growth and development.

SUMMARY

I am a man of many skills. I'm great with my hands. Most would say "A jack of just about all trades".

EXPERIENCE

Cook, Fort Street Brewey

Lincoln Park, Michigan 4/10-Present

On a daily basis I come into work and set up the line for success, and cook orders while maintaining a clean work environment. I also do our inventory, place our food, liquor, and produce orders.

Accomplishments

- I have been one of the weekly cleaning guys every week since I started which entails cleaning every kitchen item from the hoods, fryers, flat top, fryers, and char broiler from top to bottom, inside and out.
- I have been employee of the month more than anyone else ever
- I have the most regulars that continuously come in to eat and enjoy my service.

Laborer/Assembler, SMS Milcraft

Taylor Michigan 1/08-3/10

Everyday I came to work and reported for the morning meeting, then went to our assigned stations. I completely gutted, cleaned, painted, and read blueprints to reassemble machines that pressed out slabs of steel. I also have experience using an overhead crane capable of carrying 40 tons. All that while maintaining a clean workspace.

Assistant Manager, Boomers

Allen Park, Michigan 2008-2012

I started at Boomers as an assistant manager doing the daily manager duties, counting drawers for the beginning and end of shifts, doing inventory for the shift, and making sure the shift was set up to hammer it out.

Assistant Manager, Pony Express

Farmington, Michigan 2006-2008

I started at the Pony Express as a manager in training after Hooters which was an offer from my prior general manager

from Hooters. I would count the drawers, fill the liquor and beer that needed to be refilled for every shift. I also dealt with the customer satisfaction aspect to ensure the highest satisfaction that can be imagined.

Accomplishments

- Higher sales for the majority of my shifts.
- Continuous great reports on customer care cards.
- High customer satisfaction on customer care cards.

Cook/Kitchen Manager

Taylor, Michigan 1999-07

On a daily basis I do a long line of prepping for the day and following days as well as prepare food at the highest quality as possible for the circumstances that are allowed in the kitchen that I'm working with. I also maintain a very clean and healthy work place all around in the restaurant .

Accomplishments

- Trainer Certified
- Serve Safe Certified
- Employee of the month numerous times.
