Summary

Diligently coordinates all warehouse activities to keep products moving quickly and meet continuous shipping demands. Highly organized leader with team-building abilities focused on maximizing efficiency and performance. Proven track record of enforcing best practices in fast-paced environments.

Warehouse manager for a few years, machine operator, inventory control, material handler, shipping, receiving, order puller, and experienced in a variety of positions in the warehouse environment. Overall I have 34 years experience in the warehouse. I kept up to date on being OSHA compliant.

Have administration background, schedule appointments, customer service, filing, organizing and multi-tasking. Ordering supplies, dealing with vendors, did comparison pricing and made sure the work environment is safe. I am dependable, hard working, positive, always willing to learn and grow, and make improvements.
