## Experience

05/2009 to 02/2015 **Assembly Line Worker**

**Karcher Floor Care** - Englewood, co

- Set up and performed hand and automatic assembly operations on components, sub-assemblies, and assemblies.

- Planned and paced work to meet daily and weekly project or production goals.
- Followed good manufacturing practices and sanitation requirements.
- Read measurements and utilized templates to position parts and subassemblies.
- Counted quantity and inspected completed workpieces to record daily production data.
- Checked stock to determine inventory level and placed and expedited orders for supplies to maintain inventory.
- Interfaced with manufacturing systems using computers or other electronic devices.
- Used equipment such as forklifts and overhead cranes to move heavy materials and completed work.
- Rotated through different positions to keep the team working efficiently and meet all production targets.
- Checked the quality of completed products and component materials to comply with manufacturing specifications.

07/1999 to 04/2005

#### **Machine Operator**

*Hunter Douglas - Broomfield, Co*

- Set up and operated equipment as directed on line orders and dockets.
- Troubleshoot malfunctions and breakdowns and quickly restored performance.
- Cleaned and organized work areas to remove safety hazards and maintain minimum level of production errors.
- Read and understood the production orders to complete accurate work and minimize wasted resources.
- Controlled quality of finished products with regular inspections and non-destructive tests.
- Moved products to the next station for further processing or packaging.
- Set up, calibrated and continuously adjusted production equipment to achieve the desired production speed and material flow.
- Inspected finished products to verify conformity to quality standards.
