| ● Production Line Efficiency | ● Basic Equipment Repair | ● Mechanically Inclined |
| ● Safety Standards | ● Team Standards | ● Organization |
| ● Precision Quality Control | ● Machinery Assembly | ● Problem Solver |
-

EXPERIENCE

POLYSTRAND INC. - Continuous Reinforced Thermoplastics
Denver, CO

Thermal Composite Tech - Production (05/11 - 06/12) first 90 days with SOS Staffing (2/11 - 5/11)

Senior Operator - Production 06/12 - 01/13

Maintaining production schedule for 2 production lines, making rolls of thermal composite materials at high speeds. Responsible for training/supervising a production crew of 8-10 people on safety, quality, and efficiency. Supervising breaks and lunches.

Selected Accomplishments:

- Trained most of the company's Line Operators and Senior Operators.
- Ran a production line with 1 trainee for 3 months and hit target poundage 90% of the time.
- Drastically improved productivity, while minimizing staff.
- No injuries occurred on my shift as a Line Operator, or Senior Operator.

COPY CATS INC. - Large Format Print Production
Montrose, CO

Manager - Large Format Print Production 06/05 - 10/06, 04/10 - 02/11

Manage print production, while creating powerful, effective graphics on large format media. Thorough customer service that helped attain new customers through efficiency, productivity, and competitive rates. Maintained shop cleanliness, while keeping materials in stock at the lowest price available. Installation of vinyl graphics.

COPY CATS - continued

Selected Accomplishments:

- Increased profitability by lowering production costs by 11%
 - Increased clientele through improved efficiency and customer satisfaction
 - Introduced new media and applications to increase customer base and profitability
 - Created a color swatch matching system for precise color management from CPU to printer
-

EDUCATION

ART INSTITUTE OF COLORADO

Graphic Design AAS (Print Production Classes)
Graduated 2005
