OBJECTIVE

I would like to use my writing, communication, problem-solving, and leadership skills in a healthy work environment to find my career path in a new place.

WORK EXPERIENCE

Batch - Jams and Jewelry, Carbondale, CO USA 11/2011 - 06/2012

Owner's Assistant

I began this job as a mentorship; I became highly proficient at grinding and polishing glass for eco-friendly jewelry. I had to design and make each piece individually. The challenging part of this process turned out to be the design, as I had to think about the target consumers. I also learned the science of jamming and played the game of trial and error in recipes. As in any job, I never left the work-place unsatisfactory. I left because there was not enough product demand for the business to pick up.

EDUCATION

Bridges High School Carbondale, CO USA 2008 - 2012

High School Diploma, GPA: 2.91

President of the school 2011-2012

Enrolled in college classes last two years
