Some personal information on myself is I'm always reading and watching documentary about History on many events and people. Once I'm comfortable with that event or person in the History records, I like to philosophize on that subject. Another personal information is I play guitar but not as much as I want. I learned in high school from a friend. Those are some personal information on me.

Work Experience

Custodian/Janitor

Flagship Facility Services, Inc. - Denver, CO

August 2021 to Present

Flagship's position includes maintaining, cleaning, and being constant with work in different parts of the Denver airport. These areas would compose of (8-6) large restrooms, escalators, elevators, walkways, boarding/waiting areas and more known as concourses throughout the airport. These areas would've been occupied by travelers during the mornings and evenings causing the place to be completely trashed. Afterwards, the airport would be emptied of travelers by the time our shift starts at 10:30 p.m., giving flagship employees space to begin cleaning those different areas.

A pair of workers would be assigned to their assignments such as cleaning or maintaining restrooms, walkway etc. For example, if a pair of employees were to be assigned to the restrooms the worker's would fill a spraying machine with chemicals and water along with gathering the rest of the cleaning material. Next, the worker would start the cleaning process by dusting off all bathroom stalls and vents.

Then, one person would begin spraying toilets, urinals and sinks followed by the other person vacuuming left over water from spraying. Then, the pair would wipe all bathroom stalls and urinals leaving them clean. Also the pair would clean all mirrors and disinfect all hand dryers including all paper towel machines. After, the employees would mop the rest of the restroom. This process would take 45 min to an hour for each restroom.

For the employees to maintain their assigned area each person would go over their progress to maintain a appearance of being clean. For example flagship would check if anything needs to be re-done.

In conclusion this position keeps flagship employees constantly cleaning and maintaining.

Solar Panel Installer

Eastridge Workforce Solutions - Bennett, CO

October 2020 to March 2021

My solar panel job description had numerous roles with additional steps for completing our task as a team. These roles include panel throwing, pinning, collaring, and gunning. These tasks would also be fulfilled outdoors in all conditions of weather.

The first role starts the process off by carefully grabbing a 40-60 pound solar panel off a platform that would be hauled by a tractor, to give an instance, this tractor would keep pace along side with the

throwers so that the thrower's can grab each solar panel accordingly to be set on the module brackets to be pinned down but at a fast Manor; in addition the team also rotated responsibilities each three rows finished , with seven rows a day or more. Also These module brackets or rows extended across archers of fields. The next role was the pinners catching the solar panels from the thrower than pinning the panels down top and bottom pins so the pins can hold the panels in place while keeping up with the throwers.subsequently, colliers would screw the collars on all pins that the pinner placed in the module brackets that holds the panels together while keeping up with the pinner. Afterward the gunners would inspect all the panels to make sure all outlets and connection cables called Males or females are all facing the control box for proper connection. Ultimately the gunners locks down the collars on the pins for the Finishing steps. These methods would play a crucial part in each roll to finishing the job. These are the description and roles to solar panels installer

In conclusion these are the description on a solar panel installation

Packer

QuickBox Fulfillment - Denver, CO

March 2020 to October 2020

The Description of a packers position was packing products for different company's to be mailed. For example, the packer would be handed a Cart full of different products, furthermore each worker would proceed to count each product individually.

The following step is setting up the products along with the shipping material's that the specific company wants the packer to use. This is were the packing begins by packing each individual costumers order based on their packaging receipt. Afterward, the names on the receipt would be match to the costumers name on the slip witch is the shipping label . At that time after sealing it off all order would be collected.

This is the description for packers position at Quick box. In conclusion this position improve my skill by staying focus while keeping a fast past.

Utility Worker

North Delaware - Denver, CO

May 2019 to October 2020

The descriptions as Utilities worker was making sure all cooks had all ingredients and supplies in a short time period. The next phase would be emptying all their trash Bens.This is a crucial step in view of the fact that all restaurant cooks were too busy assisting costumers. Further products would need to be restocked in the grab & go such as Candy's, Chips, and sodas. Ultimately the lobby would need cleaning when guest leaves by throwing away trash , wiping down tables, taking out the lobbies Trash, than sweeping and mopping the store and helping check out guess. At the end of the night the team would clean the back kitchen and do dishes to close up. In conclusion this position improved my skills be catering to every need.

Barista/Cashier

Parodies - Denver, CO

January 2017 to March 2018

The description of a Barista/cashier position was greeting the customers while cashiering. The next phase is making them lattes or coffee with Perfections but with quickness by foaming milk at a right tempt with the right amount of foam (depending on the type of drink) while pulling espresso shots , moreover to pouring it in a cup a certain way. Once all customers are dealt with, at that moment action would be taking by updating all products so as it could be fresh by rotating the products so older products get sold first. Afterward sanitation of the work area would begin.What this looks like is cleaning coffee grounds, sanitizing the coffee bar and machine, organizing each station, along with sweeping. these task strengthened my work ethic along with my customers service skills.
