I desire to utilize my mechanical knowledge, common sense and equipment operator experience to work for a company who allows their employee's to help them succeed. I look forward to succeeding and growing. I acquired my CDL-A based on personal ranch/farm experience but lack official OTR experience that I'm willing to acquire with the right opportunity. I strongly desire a job that offers diversity and the ability to utilize my skills both mechanical and CDL Operator.

Willing to relocate: Anywhere

Authorized to work in the US for any employer
