EDUCATION **Business Management, Red Rocks Community College,**
 Lakewood, CO 2013
General Educational Development, Lakewood, CO 2013
Lakewood Sr. High School, Lakewood, CO 2010 to 2013

LANGUAGES English: Native language
 Spanish: Elementary proficiency

GOALS I'm planning an early "retirement" (retirement of employment by others, A.K.A. transition to self-employment and provision of jobs for others), during which I want to live on a renewable homestead while having the means to raise a family, live luxuriously, create fine art and travel as my family and I please for recreation and business.

ACTIVITIES AND INTERESTS Glassblowing, metal/wood working, multimedia art & entertainment, web/graphic design, new technology & futurism, meditation & world peace, higher education, global sustainability, entrepreneurship, investing, business opportunities, nutrition/health & fitness, global politics & economics, architecture, mathematics, mountaineering, biking, boarding, traveling, music production, culinary arts, martial arts, and neuroscience.

Bio I live intensely; I love passionately; I learn constantly; I eat healthy; I work hard and I play hard. I take calculated risks, delve into unknown challenges, and pursue favorable opportunities.

I collaborate with like-minded individuals in order to creatively construct assemblies of motivated and enthusiastic people. Together we work to influence the advancement of modern technology and culture for the benefits of all beings.
