WORK EXPERIENCE

Loader/Sorter

UPS - Eagan, MN - December 2014 to Present

Responsibilities

Load all of the trucks with packages so they get to their destination on time. And make sure no package accidentally gets in my trailer and ships off to a whole different state.

Accomplishments

Got in shape fast. It helped me with organizing more and also helped me lifting more. The job was mostly a workout and I got paid for it. At least that's how I looked at it.

Skills Used

I can lift very heavy packages by myself. I can make a nice work area and keep it organized. Payed good attention to my surroundings so I never got hurt.

Busser
