Work Experience

Foundry Worker

Art Castings of Colorado

January 2001 to May 2021

I have done every step of the Foundry process, except the pouring of the Bronze. I started working here after about two decades of owning and operating my own business.

I wanted to work here, to learn every aspect of casting bronze, so I could have a chance to cast my own sculpture. I did this for 20 years.

Sculpting and casting my own work, was the most satisfying job ever.

I decided to quit after 20 years, because of some co-worker issues after the pandemic. Unfortunately that blip in our lifetime really changed many people for the worse. Truly unfortunate.

I decided to try and make a go at doing my artwork from home. I spent more time, basically the last two years building many backyard projects for my wife and I, than focusing on my art work.

So I've decided to get back into the work force, to recuperate some of my savings, before truly retiring in around 7 years.

Home repair and remodeling

Brandts Home Repair - Loveland, CO

June 1983 to November 2000

This was my own business I started a year after graduating high school.

Ran it for about 20 years.

Got tired of working with degrading lumber products. Plus people (customers) constantly changing their minds. My knees were also getting tired of ground kneeling work.

Decided to go work for the foundry, so I could cast some of my own sculpture.

My true passion is art work, sculpting, painting, and I enjoy building with wood.

Education

High school diploma

Skills

- Cashiering
- Cleaning Experience
- Packaging
- Forklift (3 years)
- Warehouse Experience (3 years)

Additional Information

Prior to the years in the foundry business, I ran my own business for 18 years. I did home repair and remodeling. Everything thing from A to Z in remodeling.

If I had all the tools anymore, I could build a house from the ground up, including the foundation.

Then before that I worked at Gold Co supply in high school and a the year after high school.

There is nothing I can not learn to do.
I have experience in many things. I am a great teacher as well.
