I think I'm best fit for this job because I go above & beyond what is expected from my employer's. Loyalty is best described when you show dedication, hard work & effort. "Hard work pays off" Is my motto, my willingness to learn new trades, projects or tasks given to me is what makes me who I am & sets me out for success in the future. I have 3 years in restaurant work and 5 years in warehouse/landscaping work.

Authorized to work in the US for any employer

Work Experience

Receiving Lead

Tool country-Denver, CO

October 2022 to March 2024

Receive any material coming in to the building and mark any damage on BOL. Report to vendors through email for Credit/damage and RMA's. Unload trucks with forklift. Enter material through Sage. Picked orders and fulfillments for sales representatives in building. Trained multiple people for receiving. Learned every Process in the building from FBA to pulling and Receiving.

Material Coordinator

Frontier Fire Protection-Denver, CO

July 2020 to September 2022

I handle all incoming shipments and receive what comes in , i look for any damage make sure everything is correct on shipment and labeled correctly and set in designated areas. I over see the warehouse material and coordinate with fitters . I use Microsoft Word and Microsoft Excel along with any other applications that require me to inform anyone about the material being in the warehouse. I also use forklifts to unload and load trucks. I mainly receive and input information onto the applications listed above etc.

Reciever

Office Depot-Denver, CO

March 2019 to March 2020

Was to receive pallets off trucks and make sure everything was correct on shipment and put away in the right bin.

Warehouse Worker

QED Electric-Denver, CO

November 2018 to March 2019

Was exploring my options and this place taught me tons in order to keep working at a fast but neat pace .

Bendi Forklift.

Receiving, picking, Counter sales, will call these are some of the things I learned and am willing to apply anywhere else
