I worked here as a server in the dining room of meadow lake senior living. I served lunch and dinner for 15 to 28 residents each meal sitting. I was also in charge of keeping my assigned work for the day clean and sanitized after each meal. I was offered the assistant supervisor position but had to decline it, due to having to move back to Minnesota.

Supervisor

Bay Medical - Panama City, FL - 2013-03 - 2013-04

I was promoted as a supervisor at bay medical after working there as a housekeeper for a couple of years. My job is to do daily QA's on the cleanliness of the housekeeper's rooms as well as daily patient surveys. I am also responsible for making rounds every day to touch bases with each housekeeper to make sure they have everything that is needed to help make their day run smoothly.

Housekeeper

Bay Medical - Panama City, FL - 2012-03 - 2012-08

I started off as a full time housekeeper cleaning the hospital hallways, bathrooms, nurses stations, and patients room. Working in a hospital you have to know all the cautions to take when coming into contact with sick patients. A little after being there a year I got promoted to part time manager. Then I was in charge of filling out the paper work for the day on how everything went, and making sure the other housekeepers were getting their daily tasks done.

Housekeeper

Krispy Klean - Panama City, FL - 2010-03 - 2010-07

Working at Krispy Klean I had to clean condos, company's buildings after they closed, and construction sites when they were finished building. We didn't have certain hours we worked because we got paid by the unit. So a lot of the time it was an all-day task. Stopped working there after the oil spill because we started losing contracts which made us lose out on money.
