Hello,

I am interested in this job opportunity; I feel I would be great candidate for this position. I spent 16+ years in the web press newspaper industry as a journeyman web press operator. I am very mechanically inclined, hands on, and multitasking. I am currently working in the security field with HSS security. I work in the psychiatric ward at a Colorado hospital on a patient watch rotation. I am looking forward to talking with you more about this opportunity.

Thank You,
Bruce Hahn.
