### SKILLS & ABILITIES

Excellent Customer Service.

- Strong communication skills.
- Professional, Positive and Exciting personality.
- Very diligent in making customer and employee interactions flow smoothly.

Fast and Efficient learner.

- I am a quick learner and I don't need to be told more than once the way to do things.
- I acquire extensive information and train well to assist and customer with what they need.
- I work to manage what I can and not over complicate possible solutions into problems.
- I have personal experience with working on computers because the school I went to as well as my free time activities all deal with computers.

Great problem solving skills

- I step up to challenges and try my best, I am not one to refuse when someone needs help with anything.
- When problems arise, I use critical thinking and do what is necessary for the task at hand
