Buying, selling and maintaining of new and gently used sporting goods. Organizing and handling the shipping and receiving of orders for well over 100 categories of sporting equipment. From summer to winter, spring to fall, skis and snowboards to skateboarding and bicycles both new and used for baseball, softball, hockey and even cricket. I would balance through the mayhem of knowing what my customers will want and need a year in advance before they do. Special orders, such as Fairview High School custom fit Lacrosse teams and full team hockey equipment. Baseball glove restringing and reconditioning. Lacrosse head restringing and general maintenance. Managing employee's schedule's and personal needs. Attending conferences throughout the country for preseason ordering.
