Work Experience

Quality Control Inspector

Eldon James - Denver, CO

March 2015 to January 2019

Responsibilities:

Part of a quality that do hourly visual checks and records measurements of parts to ensure its up to company standards. Also responsible for release of material/customer returns. Used calipers and gage pins to measure dimensions of parts and recorded data into excel sheets.

Production Associate

Steven Roberts Original Desserts - Denver, CO

February 2013 to May 2013

Responsibilities

I worked as a part of a team to produce and package our daily orders. We ran up to production speed and quality. Constantly checked for quality and moved at a steady pace.

Accomplishments

While I was working here I became a good team player with most of the staff and picked up skills and tips from other co workers.

Skills Used

Here I used excellent communication skills. Whether it was English or Spanish I was able to effectively speak to co workers and keep things running smoothly.

Printer Operator

Colorado Timberline - Denver, CO

May 2012 to January 2013

Responsibilities

I produced quality 6-8ft banners, as well as canvas posters. I checked for quality and also performed regular maintenance on the six 12ft printers. I also lenses a hand occasionally to co workers in the area next to me. Kept my work area tidy.

Accomplishments

While I was here I found new techniques to improve proficiency as well as the quality of the order being printed. I also started to learn areas outside of my own to become more versatile and help where I can.

Skills Used

I used excellent problem solving skills here to produce orders up to maximum proficiency.

Production Associate

Continental Airlines - Denver, CO

August 2011 to May 2012

Responsibilities

Produce food orders up to production speed and quality. Help out wherever my assistance is needed. Keep work area clean.

Accomplishments

During my time here I became a very good team player and increased the proficiency of any crew I was on. I also started becoming versatile and helped out in the warehouse some days and other days in the sanitation department.

Skills Used

I demonstrates teamwork skills, as well and showing leadership. Problem solving skills were also used when we were under pressure and a time limit.
