

Bryan Zamorano

Slitter Operator - North Star Balloons

Brooklyn Park, MN
bryanrojas1969@gmail.com - 612.991.0255

To obtain a position in which I can gain work experience and further develop my skills while positively contributing to the business which I am working for.

WORK EXPERIENCE

Slitter Operator

North Star Balloons - July 2015 to Present

Here I perform a wide variety of duties from picking orders on a forklift, Maintaining and operating machines that modify metals or plastic, to grinding out edges and examining the material for defects. I measure and cut the materials to exact specifications, including length, thickness and overall shape. I create these specifications from work orders. As a Slitter operators It's require to have an extensive knowledge of the material we use so that we can use the correct tools to modify the materials. I also lift and position the materials onto the machines, clean, lubricate and repair the machines.

Machine Operator

International Packaging - September 2014 to September 2015

Here I operated a packaging machine that marked and labeled Boxes, container tags, or products, using marking tools. Measure, weigh, and count products and materials. I also examine and inspected, materials, and products in order to ensure that packing specifications are met. Recorded production to meet monthly goals, packaging, and order information on specified forms and records. I removed completed or defective products or materials, placing them on moving equipment such as conveyors or in specified areas such as loading docks. Seal containers or materials, using glues, fasteners, nails, and hand tools.

Order Processor

Christopher and Banks - August 2013 to August 2014

I poly bagged products. I counted hangers and stacked boxes. I also took part in special projects and I translated for and assisted Spanish speaking clients, I organized products and completed daily inventory.
