Work Experience

Laborer

Jacobs Field Service - Decatur, IL

May 2009 to November 2012

My daily responsibility consists of inspecting our work trucks and equipment every morning. After that, we will obtain lists from our foreman which shows our tasks for the day. Some of those tasks would be adding up Scaffolding parts, loading them up in a quick safe and timely matter, then dropping them off at their location, and going back to pick them up when they are done.
