Work Experience

McKesson

July 2022 - Present

Inventory Associate

- Pitched and lead project in charting the entire warehouse floor from unorganized stacks to mapped locations.
- Prepared for company's first Physical Inventory; auditing warehouse bins, tracking down lost material and consolidating material to one location.
- Daily use of Epicor ERP and Microsoft Excel to track jobs, accurately count and issue parts, organize inventory, and perform cycle counts.
- Collaborating with the procurement and production teams to resolve issues with incoming parts and missing/damaged parts.
- Utilized teamwork to ensure outgoing material is correctly labeled, safely packaged, and shipped on time to national production sites.
- Working diligently in a fast paced environment with constantly shifting priorities.

Trader Joe's

February 2019 - July 2022

Crew Member

- Take inventory and write product orders daily.
- Assisting with receiving orders and maintaining accurate inventory.
- Trained crew members to perform various tasks, including on how to safely and properly use forklifts and other lift equipment.
- Work in an environment with frequent interruptions.
- Active part of the safety team, running inspections of the building.

Central Coast Yamaha Polaris Suzuki Can-Am

April 2017 - February 2018

Parts and Service Associate

- Ordered and distributed parts for work orders.
- Solely covered the parts department and service department, while also assisting in-store customers.
- Received parts orders, verified accuracy, and used our labeling system to organize parts in storage.
- Updating customers regarding service or part order status.

- General sales. Quoting prices to customers, answering customer questions about major units accurately. Helping customers find the correct part using various parts browsing programs.
- Forklift operation.

The Home Depot

April 2014 - June 2017

Paint Department Supervisor

- Manually counted and labeled inventory for storewide inventory checks regularly.
- Safety team member, reach truck operator, customer service.

Other Skills and Experience

- Converted a van into a fully functional R.V. Built interior from scratch with own design from January 2018-June 2018.
- Cared for my grandmother full-time from 2012-2013, regulated medication, sleep schedule, and prepared food.
- Taught myself how to repair and rebuild a motorcycle.
- Knowledge of Microsoft office suite programs.
- Built a personal computer.
- Self taught amateur juggler.
- Draw cartoons and make board games in spare time.
