

Caitlin Hansen

3101 Meadow Gate Drive | Wellington, CO 80549 | 970-342-1871 | caitlin.hansen@cecstudents.org

Objective

My Job objective is to gain knowledge and experience in the veterinary field to aid my future career goal of becoming a certified veterinary technician.

Experience

Dates 2019 – Present

Pet Sitter and Owner of Caitlin's Pet Sitting

My primary responsibilities were to ensure the safety and wellbeing of my client's pets while they were out of town. My clients were able to have worry free vacations because they knew that I would follow pet care instructions carefully, as well as spend time bonding and socializing with their animals. Pet care is paramount for me and was reflected in the level of care my clients and their pets received.

Education

- Current student at Colorado Early Colleges, Fort Collins, CO
- Next year I will begin studying Veterinary Science to obtain a certificate for Veterinary Technician Assistant. My future plan is to obtain a Veterinary Technician degree (A.A.S.) from Front Range Community College.
