Good Day,

I am a Recruiter/Artillery Section Chief for the US Army. I will complete my military service commitment this spring and hope to bring my real world experience back to the civilian world. I have been assigned many duties in my time in the US Army, and I have excelled in all positions including combat duty in Afghanistan to processing young men and women in to the US Army. I strive to be well rounded and efficient in all I do. Right now I am still continuing my education and will receive my Associate's in Management in 2014 followed by an Associate in Marketing by fall of 2014.

Objective

Provide a consistent standard for employees and management to follow allowing the most efficient, streamline process possible.

Employment History

- 06/18/2008 - **Recruiter/Artillery Chief**
Present **US Army** Albuquerque, NM
Targeted, fired, and maintained weapons used to destroy enemy positions, and vessels. Field artillery crew members predominantly use guns, cannons, and howitzers in ground combat operations. Duties included testing, inspecting, and storing ammunition, conducting preventive and routine maintenance on weapons and related equipment; established and maintained radio and wire communications; and operating weapons targeting, firing, and launch computer systems. As a Section Chief I lead and mentored an 8-10 man section for Artillery movements and Infantry mission combat deployments. Being an Army Recruiter I gained experience in marketing and communication. As a processor for all applicants that joined in our Center I gained a world of knowledge on computer programs like Microsoft office and excel. I also hold a secret security clearance, for my positions as section chief and recruiter.
- 05/02/2005 - **Roofer**
06/18/2008 **Gibson Roofing** Wasilla, AK
Covered roofs of structures with shingles, slate, asphalt, aluminum, wood, or related materials. Sprayed roofs, sidings, and walls with material to bind, seal, insulate, or soundproof sections of structures.
- 08/02/2004 - **Cashier**
05/02/2005 **Discount Smoke Shop** Wasilla, AK
Received and disbursed money in establishments other than financial institutions. Used electronic scanners, cash registers, or related equipment. Processed credit or debit card transactions and validate checks.
- 01/05/2001 - **Cannon Crew Member**
01/02/2004 **US Army** Fort Knox, KY

As a cannon crew member at Ft Knox I participated in many salutes, honoring generals in promotions and reassignments. After 9/11 I was selected to be on a first response/decontamination/security for any Chemical, Biological, Radiological and Nuclear terrorist threats and industrial accidents. I went to many classes concerning decontamination tent set up, wearing and operating in a level A suit and DOT rail and road vehicles. Obtained a large amount of experience driving large military vehicles hauling ammunition, explosive, trailers and howitzers.

Additional Information

- Six years driving large military vehicles towing artillery ammunition and hazmat materials.
- I started and ran the first after school ROTC program at a low income high school, giving kids the opportunity to serve their school as color guard. Received many calls from parents and teacher thanking me for the improvement in attendance and attitude of my students. Gave classes on federal taxes, credit management, critical thinking, leadership skills and physical fitness.
- Selected by my battery First Sergeant as the trainer in a remedial physical fitness program to help soldiers drop weight in order to maintain Army height and weight standards in my battery by utilizing a Cross Fit program. Also trained myself and other to run half marathons, to represent the Army in the civilian setting.
- Organized, maintained and created records for every Soldier in my battery of approximately 200 Soldiers. Includes promotion records, counseling packets, administrative actions and manning rosters.
- I trained and prepared my section for top ammo competition. Winning the Top Ammo Section for the Battalion.
- I was chosen to be the battery weapons instructor. My job was to qualify every soldier on the M-4 and instruct them on miss fire procedures and maintenance. Results were 100% qualification and unit readiness
