Work Experience

Assembly Worker

Mahle Behr - Dayton, OH

Present

I work in clutch, i work 2 small machines where one machine shoots bolts in part of the clutch, then i take it out and dip a blue band in liquid an put it on the clutch an then put it in the other machine an it puts a top peice on the clutch an then i take it out an pass it down.

Lamination assembly

Fuyao Glass America - Dayton, OH

August 2018 to February 2022

When the bottom glass came thru i put pvb in the middle an then put the top glass over it an pushed a pedal an sent it to the next room

Press Operator

Datwyler Sealing Solutions USA, Inc. - Dayton, OH

November 2017 to August 2018

I ran a press machine, producing parts, that i had to cut, trim, dip in liquid an package, an i had to feed my machine when it ran out of material.
