Work Experience

Production Supervisor

Cimarron Energy

October 2018 to March 2019

My skills, able to assist employees in conflict resolution and one-on-one communication/coaching for success using collaborative and respectful methods. Strong agent of change. Will plan, coordinate and exercise functional authority over all production activities within assigned area of people/production responsibility to achieve daily/weekly/monthly goals. I oversee administration of resources allocated to department activities; controls expenditures within limitations of project budgets (such as staffing, budgeted hours, materials, etc). Maintains communications with all departments to exchange information and to ensure coordination of efforts and efficient completion of production goals. Create and review production schedules and reports; directs resources and work flow accordingly. Identifies production improvement opportunities. Conducts employee evaluations and annual merit increase assessments with Plant Manager. Interviews and participates in selection process of new team members in partnership with HR. Responsible for the safety of all employees and active role in promoting commitment to the Safety Program.
