Botanicals By the Sea Oceanside Warehouse CA, Carlsbad CA, Rancho Bernardo Winery location October 2018- October 2019

- In the warehouse I made all natural, junk free products side by side with Owner
- I have learned the healing properties of essential oils and various other healing products, (CBD products as well)
- I worked in various locations and knew the customers by first name and have led them to some of the finest products for healing purposes
- I have also worked street fairs with the owner in various locations

Additional Experience Summary:

Over various years I have provided child care that involves having a close eye on infants and toddlers, as well as tending to their needs while keeping them entertained. Within these years of experience I pride myself with obtaining patience and care for everyone. Having said that, I have also participated in community service at a *Boys and Girls Club*, serving whole foods and helping the youth with their homework and other tasks. Preparation is a skill set that has become

second nature in my daily routine. I am also musically inclined and love to learn and create music. I've also networked with many small businesses and other artists modeling and representing their brand, looking good while doing it.
