## Work Experience

---

### **Formulation Operator**

Eli Lilly - Indianapolis, IN  
June 2013 to Present

#### Responsibilities

Formulating all different types of insulin and sodium and acids.

#### Accomplishments

Brought a positive attitude everyday and did it in a safe manner

#### Skills Used

A mechanical skill set and attention to detail and quality

### **security officer**

securitas security - Indianapolis, IN  
August 2012 to May 2013

#### Responsibilities

Patrol the lot and make sure everything is in working order. Check in drivers on their arrival.

#### Skills Used

Critical thinking, physical exertion.

### **Dyno Operator**

Caterpillar - Franklin, IN  
June 2010 to July 2012

#### Responsibilities

Hook up the engine on the dyno cart and then to the dyno. Run the engines to check for horsepower and torque and oil pressure.

In doing so I would connect all fuel lines, intakes, and water hoses then reconnect when complete.

#### Accomplishments

Built and tested engines and did it in a safe manner and a quality product.

#### Skills Used

mechanical and attention to detail and safety with the hot engines.
