I worked at The Shoe Dept for a little over a year. There I was required to stock shoes, unload and load boxes, and also have great customer service. I also worked as a warehouse associate at Jones Stephens, a warehouse in Moody, AL. There I gained experience on machines, picking orders, and helping pack parts too distribute. I was able to gain lots of experience in the Warehouse Field.

Authorized to work in the US for any employer

Work Experience

Warehouse Associate

Jones Stephens Corporation - Moody, AL

August 2022 to July 2023

I unload trucks, pick orders on machines, build parts, help with material handling, and there's many other jobs I've done here that has given me experience in the warehouse industry.
