Carpet Exchange

November, 2003 — August, 2021 (17 years 9 months)

I've had a long career in carpet/ flooring. I am almost 60 and lifting a TON of material daily has been tough. I am well educated and still have the ability to work hard but I would like to use my intelligence and skills to venture into a new mode. A fresh enthusiasm along with veteran skills and I can be a viable asset to your company.
