

## Charles James Payne

### **Hardscape Creations**

**02/2018-07/2018**

- We designed driveways, patios, decks in upcoming neighborhoods and for businesses.
- We used cement, rocks, tiles ect. Whichever the client preferred.
- Equipment that I used were Platers, Jumping jacks, Fork lift, Bobcat and a Front loader.

### **Square Cow Movers**

**01/2015-02/2018**

- I was responsible for making sure we had all the supplies and equipment needed in the moving truck before going to the job. I was also responsible for the driving the truck to the clients house, new location and then back to the shop at the end of the day and making sure all the equipment and supplies came back with it.
- I was responsible with my team for packing up the whole house. Including taking furniture apart, and wrapping everything to ensure that it would not be damaged during the move.
- I was responsible for overseeing and putting everything in the moving truck and then moving it into the new place, as well as putting everything back together without any damage to the homes or valuables.
- I was in their supervisor training program.

### **Ragland Mills**

**03/2015-05/2015**

- I was responsible for weighing product and getting it ready for packaging in a timely manner.
- I was also responsible for packaging and then stacking the product to get it ready for shipping.

### **Abel Body Manufacturing**

**12/2013-03/2015**

At Able Body Manufacturing I worked with production as well was responsible for running the forklift for moving and organizing product as well as freight.

- Demold fiberglass parts for subway cars and combines in a fast pace environment.
- Ran forklift for loading and unloading material in tight quarters.

### **Jarden Industries**

**04/2013-10/2013**

At Jarden Industries I worked in a few different areas, a laborer, the production line and packaging products to get them ready for shipping.

- As a laborer I was responsible for unpacking incoming shipments and getting them ready for the production line.
- When working on the production line I was responsible for separating products and getting them ready for repackaging.
- When packaging products I was responsible for organizing them and getting them sorted into the right boxes. Then transferring those boxes onto pallets, wrapping them and getting them to the loading dock.

### **Sidney Ink**

**09/2012-03/2013**

At Sidney ink I was a shop manager as well as an apprentice.

- As a shop manger my responsibilities were to make sure they shop was organized and ran smoothly throughout the day. I made sure that the shop was clean and organized at all times. I was responsible for making sure they had all the equipment and extras they needed to service the customers safely and properly. I was also in charge of transactions, inventory, and opening and closing the shop.
