+1 507 202 7231

Hard working, Motivated young individual. Skills in wood working, material handling, production work, sanding, food handling and customer service.

Authorized to work in the US for any employer

### Work Experience

---

#### Machine Operator

Equality Die Cast-Winona, MN  
June 2023 to April 2024

I would keep an eye on my pot of zinc and refill it as needed and then I would wait for the machine to make the part of the mold we are using and then I would take it out and dump it in a solution to cool it down and then I would trim the parts. I also started to do my forklift but wasn't able to complete it.

#### Machine Operator

Behrens Manufacturing-Winona, MN  
October 2021 to May 2022

I would arrive to work early to get my machine started and then I would just press 2 buttons on the machine unless i was wrapping for shipping. Once caught up I was able to assist employees to help them speed the production up.

#### Material Handler

Ashley Furniture Industries-Arcadia, WI  
May 2019 to August 2020

I would safely drive a pallet jack around and pick up furniture throughout the warehouse and load it onto the pallet jack and then I would go and load it onto the truck.
