Objective

I am seeking a position as a Quality Manager or CNC Programmer with a local manufacturing company.

Professional Accomplishments

I have over 25 years of CNC machining experience in such fields as aerospace, medical and computer industries. I am proficient in setting up and running the following machines: Mori Seiki, Mazak, Makino, OKK, Fadal, Kitamura, Haas Mill, Starrett and Brown & Sharpe CMMs.

Areas of Competency

- Knowledge in Master Cam programming version 9
- Interpret blueprints and technical criteria
- Knowledge of ANSI 14.5 and Military Specifications
- ISO 9001, ISO 13485 and FDA Standards
- Use precision measuring equipment
- Manufacture precision components
- Operate and set up CNC machinery
- Operate and set up CMMs
- Communication – oral and written reports
- Computer Skills – Word, Excel, Access and PC-DMIS
- Specialized training – ISO 9001:2008 Lead Auditor Training with Medical Device Focus (ISO 13485:2003)
- Worked with SolidWorks 2017 modeling and drawings.
