At ace I started in full case order fill, were you would drive a tugger and fill orders I would average a 150 to 180% per day. I also did break order fill were I pushed carts and filled order I would average a 130 to 160% per day. I worked my last two years in break stock were I averaged a 170 to 250% per day and ran a 190% for the year in that department. on average I saved 25 to 40 hour per week for that department.
