Work Experience

Environmental Specialist

Kemp's Dairy - Rochester, MN

November 2014 to August 2018

I was responsible for the cleanliness of the warehouse and common areas in a milk production facility. I replaced paper towels, restocked supplies in the break room. I also operated an electric pallet jack, and floor scrubber.

Letter Carrier

United States Post Office - Red Wing, MN

October 2005 to January 2014

Responsibilities

I delivered mail and parcels on an established walking route. I operated a mail truck to drive to starting points on my walking route. I used a scanner to scan packages and letters to ensure delivery was timely. When I was a mailhandler for the post office I operated a forklift and electric pallet jack.

Accomplishments

My daily impact was to get the mail delivered correctly on my route, and to ensure it was done safely. I also made sure the mail and parcels were secure while in my possession.

Skills Used

I used my organizational and truck driving skills to properly deliver my mail and parcels in the allotted time frame.

Education

Diploma in General

Chosen Valley HS - Chatfield, MN

1981 to 1985
