Profile Relocating from Denver to Fort Collins Colorado, I have worked in the Metal Manufacturing industry with approximately 25 years experience on turret punch presses and around 10 years on lasers. I was my present employer's trainer for new employees until I went to night shift a few years ago to help with a family medical situation.

Job Objective I hope to find a career that is challenging and fulfilling where I can add to my knowledge and obtain personal growth as well as growth within my company.
