## WORK EXPERIENCE

### **Manufacturing**

M.A.H.S - Woodhaven, MI - June 2013 to January 2014

#### Responsibilities

Assemble wire harness, check quality control of the wireharness, and inspect all finish parts for delivery. I also assembled sunvisors for Ford Motor Company, labled the pallets, and also I did quality control for finished products. Drive sit down hilo to load and unload trucks. I also used a PDF scanner to locate and relocate products.

#### Accomplishments

We always met our quote for everyday production.

#### Skills Used

Fast paced assembly and excellent quality control.

### **Material Handler**

SET Enterprises - New Boston, MI - March 2011 to May 2013

Drive sit down propane Hilo to load and unload materials for customers. Scan in inbound and outbound freight to organize the staging dock. Login all materials necessary for the shipping and receiving process.

I

#### Skills Used

I demonstrated OSHA salty rules to perform the job safely.

### **Manufacturing**

Griggs Box Company - Detroit, MI - December 2010 to March 2011

#### Responsibilities

I had to assemble wooden pallets by nailing slabs of wood together to make pallets and meet a quota of 450 pallets in a 8 hour shift.

#### Accomplishments

I had to keep up in the fast paced environment.

#### Skills Used

I demonstrated safety when using the high powered nail gun.

## EDUCATION

### **Diploma in General Education**

Bishop. Borgess - Redford, MI

1996 to 2000

## SKILLS

I have my hilo certification and I am licensed to drive a hilo for production and manufacturing.
