Motivated self-starter with a wide range of overall construction experience. I am motivated to learn new things and am looking for a career opportunity.

Work Experience

Floor Technician

Solid garage floor coatings - Parker, CO

January 2022 to Present

I'm a lead tech for floor installation, so I overlook the ongoing project as well as work with the crew to ensure a perfect floor prep/clean/and install. I converse with the customer before the job to make sure we are all on the same page for what they want. I'm also a service manager. So i handle all the equipment from generators to walk behind grinders to hand grinders. As well as dealing with regular maintenance on anything with an engine at the shop. I also install garage storage racks for the same company.

Apprentice

MAC plumbing

February 2018 to January 2022

My duties included:

- # Install Complete Plumbing Packages in Custom Homes
- # Assisted with Custom Bathroom Remodels
- # Independently Ran Water Lines Throughout House
