

Christian Zavala

Burnsville, MN

christianzavala22@ymail.com - 6515929374

I worked at MTM Hydro as a warehouse associate part time picking orders and doing assemblies, but looking for a new job fulltime preferably or parttime if that's what's only available. I use to work at Imagine also where I would pick/packed orders to get shipped out and on occasion would use the cherry picker so i have picker experience. Looking for employment in any department though. I am a quick learner and always ready to work. Authorized to work in the US for any employer

WORK EXPERIENCE

Warehouse Associate

Mtm Hydro - Savage, MN - September 2015 to February 2016

Responsibilities

I pick orders daily and when there isn't orders I work on assemblies and restocking the inventory around the warehouse.

Fulfillment Associate

Imagine print solutions - September 2013 to June 2014

Responsibilities

I would pick orders daily. I would grab a cart with totes and fill them up with the orders and put them on the conveyor belt so they would get packed. At times I would be put in the packing station and pack the orders also. When picking orders there were locations up high on the racks, so I would use the cherry picker and got certified on it.
