Experience

Assembler, Machine Operator

Northern Automatic Assembly

January 1980 to June 1988 (8 Years, 4 Months)

Pulled job parts blueprints to start and finish circuit boards, worked in shipping and receiving, worked in quality Control, ran wire wrap machines for Honeywell. I have done this all prior to my staying home as a licensed child care provider for 30 years my children are grown and out of the house now. I am ready to go back into the production of Assembly.

Education

White Bear lake

Graduation 1979, 1979

Had a certificate of soldering, Being home with the kids the last 30 years I took a lot of classes for child caring I finished my child development associates degree, and National Associate For Family Daycare Association Accreditation. I would have no problem with remembering how to start and finish assembly jobs.
