Forklift operator

Brooklyn Center, MN
chrisbahns@gmail.com
763-221-3971

I am a very reliable hard working man. I am always willing to learn new things and I would be a great part any company team.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Production Worker

Oil-Air Products LLC - Plymouth, MN
June 2017 to Present

We build hydraulic hoses to the customer's standard. The position I hold as of today is the saw operator. I have to first look at my orders and then proceed to get the specific type of hose with a stand up Forklift as well as a sit down propane Forklift as well. I then enter the order into the saws pc and proceed to cut the amount of product ordered. I have to make sure to measure and inspect the hoses so that they meet the tolerances and have no defects. After they are cut measured and inspected I have to read the order and put the correct ends or fittings on and then I send them to the crimper. I also can run the crimper, hose guard and operate the. Collar crimper. I can do efficiently all of the jobs required in the hose department.

Delivery Driver

US Foods - Eagan, MN
June 2000 to September 2015

I delivered groceries to restaurants,schools,hospitals etc. I had a class A license with many endorsements. I would get my paperwork and begin my day doing several deliveries. I would use a two wheel dolly and a ramp and I would deliver the groceries where they were designated to be.

Grounds equipment operator

Minneapolis Public Schools - Minneapolis, MN
June 1994 to August 2000

I was pretty much a laborer with a fancy title. I did have my class B license and drive large moving vans,dump trucks, stake trucks and street sweepers. I would use skidsters, asphalt rollers, front end loaders and a lot of different tools that the job would require.

Education

High school or equivalent in Generals

Anoka Senior High School - Anoka, MN
September 1990 to June 1994

High school or equivalent

Skills

Assembly Line, Forklift, General Labor
