I believe a successful company is made up of groups that all work together. Not just great managers, technicians and executives. A company can only succeed when sharing the same ideas, values, and agreeing on a vision for greatness. People, who not only are there to better themselves, but to better others around them accomplish this goal. I am confident that I can contribute to this great company, and would be honored to do so. I am sending you my resume in search of an opportunity in any position. I found the position to be an excellent fit with my skills and background. I am ready to expand my knowledge base, do more, and will come prepared with helpful skills of my own that would be a productive addition to your company.

I look forward to talking with you soon regarding this opportunity. Feel free to contact me at any time via email at cdadams99@yahoo.com or you can reach me on my cell phone at 630-956-6785.

Thank you for your time and consideration,

Christopher Adams
