## SUMMARY

---

I am currently a Senior at North Central University working towards a Bachelor's degree in Pastoral Studies / Youth Ministry Studies. I have experience working with other individuals in coordinating, planning and implementing activities for small to large groups of people. My internship at Evangel Assemblies of God provided me the opportunity to train my ability to communicate with emotional people and negotiate with business when we hiring companies for special events. I also gained customer service skills while working as a Barista at Starbucks, which further developed my ability to communicate with many types of different people.
