Professional Summary

Results-driven warehouse professional with 5 years of experience in load and unload, packaging, and heavy lifting. Proven expertise in pallet jack and forklift operation. Skilled in warehouse management and seeking a role that utilizes my skills in a fast-paced warehouse environment.

Work Experience

Community Life Coordinator

Denver Rescue Mission

- Identified opportunities for collaboration with other non-profit organizations or government agencies
- Coordinated neighborhood clean-up initiatives, engaging XX volunteers and improving the overall appearance of the community
- Evaluated program effectiveness by analyzing participant feedback forms
- Developed and implemented community engagement strategies to increase participation and involvement in local events

Packaging

Capital Lumber

- Provided exceptional customer service by assisting customers in selecting and purchasing lumber products based on their specific needs
- Maintained a thorough knowledge of different types of lumber, including hardwoods, softwoods, and engineered wood products
- Managed inventory levels by conducting regular stock checks, placing orders for replenishment, and organizing the storage area efficiently

FedEx Package Handler

FedEx

- Efficiently loaded and unloaded trucks with merchandise, ensuring accurate inventory counts
- Followed established procedures for packaging, labeling, and preparing products for shipment
- Worked efficiently under pressure during peak periods while maintaining attention to detail
