WORK EXPERIENCE

Package Handler

FedEx Express - Minneapolis, MN - September 2011 to Present

Responsibilities

Download- Freight on pallets next to the assembly line put the packages onto the conveyor belt and then move on to the AMJ or J's and download freight onto the belt.

Non Con- Any Freight 50 pounds and over put underneath the conveyor belt while the packages moving down you have to put the packages into different cans.

Primary- They are 4 conveyor belts you have to split the Freight up T's belt 1, S's and local packages belt 2, N's belt 3, X's belt 4.

Load- Packages are going to be at the end of the slide pick a J and scan the can once also every package have to get scanned.

Accomplishments

My manager said, I'm the best in Non Con loading packages into the cans.
