- Demonstrated project • Forklift Operation management abilities • Detail Oriented, Accurate

Authorized to work in the US for any employer

## Work Experience

---

### **Welder/Fabricator**

DHW Signs - Fort Collins, CO

May 2019 to May 2021

- Welding and aluminum fabrication for signs. Had to read blue prints and minimal wire diagrams for LED lighting. I helped out with the fabrication of signs for a lot of distinguished customers. Proficient with MIG aluminium, I used a 30A millermatic spool gun that was attached to a Miller 252 welder, Some MIG Steel, plasma cutter and cutting torch. I have my own hand tools, welding hood and some leathers and sleeves. I crated signs, unloaded supplies and stocked supplies. Main duties were sign fabrication

### **Fabricator**

Walker Manufacturing - Fort Collins, CO

September 2018 to March 2019

The operation of a 80,000# break

### **Farm Hand**

Turf Master Sod Farm

March 2016 to August 2018

Cultivate soil and sow crops on a designated piece of land

- > Perform slashing and chemical spraying activities to ensure weed control
- > Construct a variety of frames to support vines and berries
- > Perform harvesting activities by using equipment such as harvesters and tractors
- > Adjust and repair farm machinery and notify farmer in the event of a malfunction

### **Production Worker**

Rice's Honey - Greeley, CO

February 2015 to December 2015

While at Rice's Honey I helped apply previous techniques to the new production line that was installed into Rice's Honey's new building.

### **Application Engineer**

Nalco Chem

August 2010 to November 2011

Applied engineering skills to troubleshoot process failures, equipment failures and quality issues and propose solutions.

- Monitored, coordinated and provided technical support for production and reliability of the operating unit.
- Identified process improvements to improve product quantity, quality, and operations productivity and efficiency.
- Identified equipment improvement projects, work flow improvements, and in conjunction with R&D, protocols for new processes or new products.
- Developed plant standard operation or work procedures.

### **Medical Sgt**

US Army

February 2005 to August 2010

Provided initial medical screening and evaluation of allied and indigenous personnel.

- Managed detachment, allied, or indigenous patient's, administration, admission and discharge, care, laboratory and pharmacological requirements and the initiation, maintenance and transfer of records.
- Ordered, stored, cataloged, safeguarded and distributed medical supplies, equipment, and pharmaceutical.
- Supervised medical care and treatment during split detachment missions.

## Education

---
