Work Experience

Technician

GARAGE DOOR SERVICES - Loveland, CO

October 2020 to Present

I installed, serviced, and replaced commercial and residential garage doors for both new and old construction.

Sub Contractor

L&H Garage Doors - Fort Collins, CO

October 2019 to Present

Communicate with customers, install custom garage doors, remove old doors, spring changes, openers, install trim, and lubricating.

Project Field Assistant

Premier Roofing - Fort Collins, CO

June 2018 to Present

Picking up left over material and loading in into a work truck. Placing ladders at homes for inspection of the homes roof. Picking up permits from city permit offices.

Operations

Urban-gro - Lafayette, CO

September 2017 to Present

Build, fix, ship, and deliver grow lights and pesticides while consolidating inventory.

Pesticide Technician

Crazy Frog Pest Control

April 2016 to November 2016

My job was to drive a truck to customer's houses and provide pest control service. Paperwork, pesticide mixing, killing rodents and other pests with traps.

TILE HELPER

TONY THOMSON

August 2015 to November 2015

Some of my responsibilities are to cut tile with a wet saw, move slabs of granite, cleaning the workshop, organize tools in the work truck. Speaking to customers and listening to their particular needs, and driving to various houses

GENERAL WORKER

July 2014 to July 2015

Some of the key responsibilities were moving boxes to and from truck trailers, moving furniture, operating an Order Picker, scanner, and tugger.

Additional Information

SKILLS

• I have never had a work related accident. I always have safety in mind while performing any task. I have a very professional view when it comes to work. I often ask employers about my performance on the job and if I can improve workflow. I am knowledgeable about pests, chemicals in pesticides. I've also gotten good reviews for customer service.
