Work Experience

Warehouse Worker

aramark

December 2017 to Present

Between 6 and 7 days sometime even longer we would have a select stack of orders that would need to be pull/delivered through out the day. Delivers come in 6 days a week to deliver new product that neither belonged to us or another department in the building. Sometimes we would get the wrong product so we then would have to put it back on a pallet and send it back. Basic warehouse work we would do is clean, sweep and mop as needed
