Work Experience

Construction Equipment Operator

Track Utilities-Pasco, WA

March 2021 to December 2021

- Performed pre-shift and post-shift equipment inspections and accurately completed reports to support company policy.
- Operated excavators, backhoe, and other construction equipment to properly grade land.
- Followed signals from ground crew and other operators to safely move materials and prevent dangerous interactions or missed cues.
- Maintained machinery by repairing and replacing broken and malfunctioning components, along with keeping them fueled and ready to use.
- Created holes and trenches for underground utilities and material.
- Located and marked underground pipes and wires to determine accurate digging locations and cleared a path for designated work areas.
- Kept records of material or equipment usage and completed entries in production logs.

Laborer/Lineman

Robinson Brothers construction-Vancouver, WA

January 2014 to July 2021

- Handled repair work for overhead and underground telecom/fiber lines and placing new product.
- Shortened or lengthened wires by removing or adding wire and used different types of splices, connectors and clamps.
- Adhered to strict federal and corporate rules to promote overall safety of workers and members of public.
- Performed pre-installation procedures such as attaching cross-arms, insulators and auxiliary equipment to poles.
- Supervised crews, monitored equipment and kept records.
- Worked successfully with diverse group of coworkers to accomplish goals and address issues related to our products and service by prioritizing and organizing tasks accordingly.
- Climbed wooden poles, ladders and towers or used bucket trucks to reach telecommunication lines.

Laborer

NorthSky Communications-Vancouver, WA

May 2010 to December 2013

- Handled repair work for overhead and underground telecom/fiber lines and placing new product.
- Placed product material for the cables to ensure they were protected.
- Fulfilled various labor tasks as assigned, such as digging holes, road clearance, securing aerial lines, etc.
- Adhered to strict federal and corporate rules to promote overall safety of workers and members of public.
