Experience

Classic Design, Troy MI

January 2021-Present

-Programming offline and online ABB and Fanuc Robots, ABB RobotStudio, Fanuc RoboGuide, Cell Setup and Support.

PTM, Ira MI

July 2019-December 2020

- Assisting and designing Fixtures and Hem bucks. Programming Fanuc Robots offline and online. Assembling prototype Subs, Fit and function of fixtures, and Fabrication work

Troy Design and Manufacturing

April 2011-July 2019

-Metal fabrication, metal finishing, running and programing welding robots, running and programing hemming robots, MIG welding, TIG welding, programing post welders

Education

University Of Northwestern Ohio, LIMA OH

Associates in Applied Science, Automotive Technology with a focus in High Performance

OTHER

- Superior Computer and Microsoft office skills
- People and Communication Skills
- Punctual
- Member of Troy Design and Manufacturing safety committee
- Journeymen Product Development Prototype and Engineering –UAW Local 245
- ABB Programming 1: Passed Certification test 1

SKILLS

- Metal Finishing and Fabrication
- Programing of ABB Spot Welding , Hemming, Material Handling Applications
- Programming Fanuc Welding, Hemming, and Material Handling Applications
- Blue Print Reading
- ABB Robot Studio
- Fanuc ROBOGuide
- TIG/MIG Welding
- ABB and FANUC Robot Troubleshooting
- Solidworks
- Allen-Bradly Studio 5000 Logix Designer Level 1:ControlLogix, Logix 5000 Fundimentals
- NotePad ++
- Ethernet Programming
- Devicenet Programming
- I/O Configuration
- ARO Weld Gun Setup
- Bosch Weld Controllers
- WTC Weld Contollers
