Work Experience

Data Analyst

Arcis Analytics, LLC - Denver, CO
2018 to Present

- Proficient in working with T-SQL, DDL and DML.
- Excellent knowledge of ETL using SQL (SSIS), DTS, Bulk Insert.
- Knowledge of SSRS and working on SQL Migration Projects.
- Developed ETL code to load and transform the source data from various formats into the SQL.
- Excellent knowledge in deploying SSIS packages, custom control flow, auditing, and deploying variables.
- Implementing and deploying SSAS Measures.

Data Analyst

Goolsby Brothers & Associates - Lakewood, CO
2014 to 2018

- Analyzed real time MWD Data from bottom hole tools utilizing mud pulse telemetry. This data was verified for accuracy, staged, and separated out in SSIS, then used to make cross sections to assist client in optimizing reservoirs.
- Assisted in making critical decisions during drilling operations, worked in a team environment where my input played a critical role in drilling successful wells.

Core Analyst

Core Laboratories Reservoir Optimization - Denver, CO
2010 to 2014

- Collected porosity and permeability data, fluid extraction via dean stark (H30 filtrate) as a result of well doping. Bulk density, grain volume, and overall geologic data of core samples.
- Performed desorption analysis on core (field and lab).
- Developed operations, and trained staff in Perth Australia.
- Analyzed data from Gas Chromatograph 6890N by Agilent Technologies via use of Chrom Perfect.

Oil and Gas Permit Analyst

LT Environmental Inc - Arvada, CO
2009 to 2010

- Reviewed and analyzed oil and gas permits (current producers, wells reaching the end of their lifespan, as well as non-producing wells) for a major operator to meet stricter rules for operating.
- Utilized GIS data, as well as various state and federal databases to determine whether or not the well, and or existing structures can be left alone, relocated, remediated, or terminated completely.

Intern Geologist
U.S. Department of the Interior - Lakewood, CO
2002 to 2009

• Data accuracy, and input into various databases related to sinkhole issues from hydrocarbon extraction in the Houston Galveston region of Texas.

Education

B.S. in Geology
Colorado State University - Fort Collins, CO
2001 to 2005

Skills

• Microsoft SQL Server, T-SQL, ETL, SSRS, SSIS, SSAS, MS Visual Studio 2019, MS Office, Git, Power BI, JavaScript, WellSight Systems, Terra SLS, Pason Systems. (4 years)

• MySQL

Languages

• Polish - Fluent
